PRECIOSA Hill™

PRECIOSA Hill™

PRECIOSA ORNELA presents the new **PRECIOSA Hill™** fire polished bead.

This half-ball with a round base at a diameter of 6 and 8 mm is decorated with a multiple cut. The shallow rounding in the lower section makes it easier to sew around and to mutually link the bead with seed beads and other selected PRECIOSA Traditional Czech Beads™. It is possible to apply any type of surface finish to the excellently polished top of the delicate arching. Choose from the wide range of half-coatings and full-coatings to create your own collection. Use the options provided by this new geometric shape with facets which enhance the effects of the surface finishes and combine the bead with other popular shapes, for example with PRECIOSA Farfalle™, PRECIOSA Pellet™ and PRECIOSA Solo™ and create an elegant fashion accessory.
